Let us help you discover a richer, more rewarding career.

Video Game Art (VGA)

The Video Game Art diploma program at triOS is 93 weeks. It includes a 4-month internship. This program at triOS College offers a comprehensive curriculum that focuses on providing you with the hands-on experience you need to succeed.

Game creation requires a combination of skills, including technical and artistic. In this program, you will focus on the artistic side of game design and work on building a professional portfolio. Complete multiple gaming projects in both Unity and Unreal Engines and create multiple character and environment models, animation sequences, optimized textures and UV maps for various platforms.

Learn how to create and texture stunning 3D models using Autodesk's latest tools.
