### Purpose

The College is committed to taking all reasonable steps to ensure students can successfully complete their program in a safe learning environment that is free from discrimination, harassment, disruptive and inappropriate behavior. The College will uphold the Code of Conduct ("the Code") and respond to instances of non-academic student misconduct which may occur both on and off campus and affect the College workplace, learning and student-life environment.

Against this background, this policy seeks to establish the expectations and guidelines regarding non-academic conduct expected of students, to provide examples of conduct that may be subject to disciplinary action or restorative measures by the College, to set out the actions that may be imposed, and to describe the disciplinary procedures that the College will follow. The Code seeks to balance student success with the well-being of the College Community.

### Scope

This policy applies to all College students, employees, delivery partners, affiliates, volunteers, and contractors.

The policy applies to student conduct from admission to the College until that person has completed the program or graduated from the College, even though the conduct may occur before classes begin or after classes end.

Off-campus conduct at a College sanctioned event or when the student is acting as a designated representative of the College or a student organization, club, or under the direct or indirect supervision of the College.

Off-campus conduct which adversely affects the rights of a member of the College Community to use and enjoy the College's learning, living, and working environment and facilities, conduct which could adversely affect the health and safety of a member of the College Community, or conduct that interferes with the achievement of the College's objectives, mission, or vision.

Any student who engages in misconduct either directly, indirectly or as an accomplice is subject to the disciplinary sanctions of the Code, regardless of the action or inaction of civil authorities. Nothing in this Code precludes the College from referring an incident to the appropriate law enforcement agency during or after disciplinary action is taken by the College under this Code.
